SERVING AMATEUR HOCKEY IN THE LOWER MAINLAND SINCE 1941

## **PCAHA 2017-2018 BULLETIN #4**

**DATE:** September 11, 2017  
**TO:** The Presidents  
PCAHA Member Associations/Leagues  
**FROM:** Lynne Kiang  
PCAHA President  
**SUBJECT:** **Game Numbers for Tryouts, Exhibition & Pre-Season Games**

=====

I would like to remind teams of their obligation to obtain exhibition game numbers for exhibition games:

Section L(2) states as follows:

- (a) Any team wishing to play an exhibition game shall first obtain permission from its League Manager by way of an exhibition game number. Under no circumstances will an exhibition game be played without a game number. Failure to obtain a game number may result in suspension or other disciplinary action against the team official(s) responsible.
- (b) If two PCAHA teams are playing in the exhibition game, the home team is required to obtain an exhibition game number and to enter the entire game sheet into the PCAHA on-line game data management system (currently known as Teamlink).
- (c) In Hockey 2 to Hockey 4 (Initiation / Novice) if the two teams playing in the exhibition game report to different League Managers both teams shall obtain an exhibition game number.
- (d) If a PCAHA team is playing an exhibition game against a non-PCAHA team, the PCAHA team shall obtain an exhibition game number whether the game is at home or away.
- (e) Please refer to Section F(6) regarding responsibility to submit game reports.

The game number rule applies both to games between teams from different Associations and to games between teams of the same Association.

The Hockey Canada playing rules define a game as, "A meeting of two teams playing for a specific length of time, for the purpose of declaring a winner through the scoring of goals. The game consists of regular playing time and overtime, if such is required." This definition has only limited usefulness. Obviously, "declaring a winner" is not a distinguishing factor for Hockey 2, Hockey 3 and Hockey 4 (Initiation / Novice) games, where no score is kept, and for exhibition games at other levels.

The intent of the game number rule is not to prevent teams that regularly practice together from using the last 15 minutes or half hour of their practice for a controlled scrimmage. However, in the past some teams have attempted to expand the "scrimmage" to play what is really a game. In one documented case, two teams held a 10 minute "practice" (really a warm-up), followed by a 1 hour "scrimmage", with score clock, uniforms, and a referee. This event was, in fact, a game. Fundamentally, I am asking that all teams be honest about their activities, both to their Association officials and to their PCAHA League Manager, and not attempt to hide behind euphemisms.

Also, please consider that those involved in referee development at the local level are concerned that opportunities for beginner referees to gain game experience may be limited because some teams seem

PCAHA 2017-2018 Bulletin #4 - Game Numbers for Exhibition Games (cont.)

to prefer to have their exhibition games officiated by the coaches of the participating teams rather than by carded referees. This seems to be especially true in Hockey 3, Hockey 4, (Novice) and in some cases Atom "C". Games at Hockey 4 (Novice Major) and above should be officiated by carded referees.

I would appreciate your assistance in ensuring distribution of this bulletin to teams within your Association.

Yours sincerely,

A handwritten signature in black ink that reads "Lynne Kiang". The signature is written in a cursive style with a large initial "L".
